“Starting at rates” additional costs may apply due to location and hidden issues we identify

Deluxe Cleanout

- ✓ Completely drain feature
- ✓ Remove fish from pond and store in holding tank
- ✓ Clean and pressure wash the entire feature
- ✓ Rinse and scoop to remove all debris
- ✓ Clean up or cut back plants for healthy growth
- ✓ Clean and vacuum skimmer and biofalls
- ✓ Clean and service pumps
- ✓ Reconnect pump after service
- ✓ Start refill of your water feature
- ✓ Return of fish to the pond

Exploratory Cleanout

- Same as Deluxe Cleanout with addition of:
- Make any recommendations for improvements or repairs

*the cleaning routing is the same for both optios, except exploratory requires a more in-depth inspection as it's only available for water features we haven't serviced before
